SOME HOT SHOT.

A Stormy Conference Between Gov. Morrill and the Hutchinson Reformatory Board.

Before resigning the members of the Hutchinson reformatory board held several private conferences with Governor Morrill. The last developed into a rather a stormy one. A sharp passage of words was kept up for some time Gov. Morrill defending his course and upbraiding the board, and Tully Scott, defending the board and upbraiding the governor. Among other things in the course of the conference, Mr. Scott said:

"When finally summed up, your complaint against the board is, first they bought two expensive furniture and secondly that they presented vouchers to the auditor, the payment of which you think they were not entitled to. In the first place I presume you are aware that the legislature and the officers of the state have purchased expensive furniture, a sufficient amount of which has been stolen and hauled off and lost to the state which is left under the care and guidance of state officers elected by the people, which would more than equal the whole expenditure by this board."

"I defy you to compare the price of the furniture which we have purchased with that of other state institutions."

"In regard to the vouchers they were only presented for examination, but if they were they were no worse than yours."

Here Gov. Morrill jumped to his feet and walked across the floor nervously and said, "They were not my vouchers! They were not my vouchers, sir! They were my clerks."

"Yes," replied Mr. Scott, "Adam again blaming Eve. The vouchers were not cashed without your approval and signatures. You say that your vouchers were unlawful and I say yours were unlawful."

In reply Gov. Morrill said, "They were pronounced unlawful by Daves but other good lawyers say they were good."

"Yes," said Mr. Scott, "Daves is the same rooster who pronounced our vouchers unlawful and which are pronounced good by other good lawyers. The fact is your vouchers and our vouchers are condemned by the same attorney general, but I wish to say to you that we have never drawn a dollar from the treasury except upon full consultation and agreement with the proper officers of the state."

"Whether we are entitled to the amount or not," continued Mr. Scott, "digging the governor in a tender spot, 'We certainly do not ask pay for services before becoming officers or for time wherein our predecessors had served and had been paid for by the state.'"

"You also make an egregious blunder in your selection of Superintendent."

"And you," promptly retorted Mr. Scott, "Also made an egregious blunder in your selection of Labor Commissioner Bird."

WAS IT ALL FOR PETERS?

Place on the Reformatory Board to be Given to S. R. Peters.

State Journal.

S. R. Peters seems to have been back of the whole reformatory matter. He it was, it is said, who instigated the attack on the reformatory board and played smash with its plans and intentions.

Mr. Peters has succeeded in getting the reformatory board fired and now he is to be one of the members himself.

If Mr. Peters goes on the board it will look like it wasn't because of the misdoings of the members of the board that they had to get out but because S. R. Peters wanted the job of one of them.

In a conversation in the Journal office some days ago, Tully Scott, the democratic member of the board was asked, "Who is back of this man Hatch? Where does his support come from?" "From S. R. Peters," said Mr. Scott. "Peters has laid the Hatch side of the case before the governor."

Mr. Peters has not appeared on the surface as having been at all interested in the removal of the old board and he did not come to Topeka to see the governor, possibly because he would be charged with working for a place on the board for himself.

Instead of coming to Topeka he wrote several letters to the governor and these letters have been seen by several well-known republicans who have been interested in the matter.

The governor now announces that he wants to make S. R. Peters a member of the new reformatory board, but expresses fear that Mr. Peters will not accept.

The governor says he will not appoint the new board until tomorrow, because he wants to first consult Mr. Peters and Mr. Peters is to be in Topeka tomorrow.

The governor has decided to appoint Mr. Peters, and it is more likely he wants to talk with him about the appointment of the other members of the board than his own appointment.

FARMERS' PAPERS.

The Agricultural Department to Publish Interesting Articles.

A CHANGE IN ITS METHODS.

What Assistant Secretary Dabney Says—Twenty Chinamen Being Held at New York Until Their Passports Can Be Examined.

WASHINGTON, July 24.—Hereafter the agricultural department will call on specialists in certain lines of agricultural work, though not connected with the office, to make investigations of importance to agricultural interests and to prepare brief papers or articles embracing the results of the work. These will be paid for at rates which the department regards as reasonable, the funds being provided for in the congressional appropriations.

Many persons well known here and abroad will be asked to contribute. Its object is to do away with labored articles, couched in technical language, and of little interest or importance. The plan will be carried out in all the branches of the service, though many of the publications will be written by experts in the employ of the department. R. B. Handy and John Hyde, Jr., have been detailed to assist the editorial division in supervising the work.

Concerning the change in the method, Assistant Secretary Dabney said today: "There are printed from year to year a larger number of copies of the department's annual report than of any other book printed in the English language, with the single exception of the Bible. Hitherto, however, the annual volume has been a collection of divisional reports in which at one time or another lists of clerks, estimates of expenses, the disparagement of the work of other departments, the exploitation of new varieties of agricultural products subsequently found to be of little or no value, and more or less matter of a highly technical character, has been intermixed with whatever was of real practical interest and value to the agriculturist. All this is now changed. Work has already been begun on the year book for 1895 and it is the intention to introduce into it further new features. Farmers' bulletins will hereafter be issued every two weeks, and it will be the endeavor to make them as interesting and instructive as possible."

Chinamen from Cuba Being Held.
New York, July 24.—Twenty Chinamen are being held by the agents of the treasury department here until their passports can be examined. They were among fifty passengers who arrived from Havana on the steamship Orizaba Monday, and were detained at Hoffman island because they had not secured naturalization papers. They claim to be merchants on their way to San Francisco to buy goods and profess to be very indignant because deprived of their liberty.

DO YOU WANT TO STOP TOBACCO.

You can be Cured While Using It.

The habit of using tobacco grows on a man until grave diseased conditions are produced. Tobacco causes cancer of the mouth and stomach; dyspepsia, loss of memory; nervous affections; congestion of the retina, and wasting of the optic nerve, resulting in impairment of vision even to the extent of blindness; dizziness, or vertigo; tobacco asthma; night-ly affections; dull pain in region of the heart, followed later by sharp pains, palpitation and weakened pulse, resulting in fatal heart disease. It also causes loss of vitality.

QUIT BEFORE IT IS TOO LATE
To quite suddenly is too severe a shock to the system, as tobacco—to an inveterate user becomes a stimulant that his system continually craves. "BACO-CURO" is a scientific and reliable vegetable remedy, guaranteed to be perfectly harmless, and which has been in use for the last 23 years, having cured thousands of habitual tobacco users—smokers, chewers and snuff-dippers.

YOU CAN USE ALL THE TOBACCO YOU WANT WHILE TAKING "BACO-CURO." IT WILL NOTIFY YOU WHEN TO STOP. WE GIVE A WRITTEN GUARANTEE TO PERMANENTLY cure any case with three boxes or refund the money with 10 per cent interest.

"BACO-CURO" is not a substitute but a reliable and scientific cure—which absolutely destroys the craving for tobacco without the aid of will power, and with no inconveniences. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke.

Sold by all druggists, at \$1.00 per box, three boxes, (thirty days treatment,) and GUARANTEED CURE. \$2.50, or sent direct upon receipt of price.
